Welcome Letter

Dear Participants,

Welcome to 2019 the 4th International Conference on Computational Intelligence and Applications (ICCIA 2019) and 2019 4th International Conference on Machine Learning Technologies (ICMLT 2019). The objective of the conference is to provide a premium platform to bring together researchers, scientists, engineers, academics and graduate students to share up-to-date research results.

We are confident that during this time you will get the theoretical grounding, practical knowledge, and personal contacts that will help you build a long-term, profitable and sustainable communication among researchers and practitioners in the related scientific areas.

We wish to express our thanks to our distinguished speakers, Prof. David Zhang (IEEE and IAPR Fellow), Prof. Shyi-Ming Chen (IEEE Fellow), Prof. Jack Yang, Prof. Fei Wu, and other distinguished scholars for sharing their deep insights.

Special thanks to the generous support from Nanchang University and Information Engineering School of Nanchang University, and to all reviewers, researchers and students who participate in the conference with their works.

Hope you could enjoy the conference and have an unforgettable experience in Nanchang!
